Welcome Stephen Evans

OSAC wish to welcome Stephen and look forward to working with him on the OLA School Advisory Committee. He comes to us with a great willingness to continue the great work done by the OLA Leadership Team.

Building Update

The new school building remains on track. When the time comes to move in the school will need help from the community to move furniture, for landscaping etc., particularly when the children aren’t around. So please be on the lookout for the opportunity to help out and further build our community spirit.

OLA School Review

Jim Delaney (school reviewer) spoke to staff and OSAC last term and now the work begins on building the School Improvement Plan. Leadership and staff will formulate the 4 year plan that will cover 2017 to 2021. As you will have read in Jim’s executive summary, we are already blessed in having a great school but there is always room for growth and improvement.

MJR information booklet.

Becky Breen has done an amazing job putting together a Making Jesus Real booklet for parents. It is full of ideas on how we can introduce it in our homes and reflect on activities done at school effectively.

This will go out to parents soon as a hard copy and a link to the booklet will also be made available on the website.

P&F

There is no denying what a wonderful job the current P&F have done to raise its profile and introduce some really creative and effective ideas. We want to sincerely thank the current team for all that they do. The P&F are looking for new members for next year, particularly anyone who would like an opportunity to be on the executive for 2017
